

Fighting Poverty Through Health

Project LAAN is a youth-led organization that empowers the poor and vulnerable through health education and health literacy, and advocates for the right to health of all Filipinos.

OUR MISSION

To increase healthcare access and utilization, especially for families living in poverty, through public health advocacy, health literacy, and patient empowerment.

OUR VISION

The fulfillment of UHC, where every Filipino, especially the poor and vulnerable, can access health care. Through embodying service, empowerment, and creativity & innovation, Project LAAN envisions Filipino patients with the capacity to make informed health decisions.

Partner with Project LAAN HELLO@PROJECTLAAN.ORG

UHC Bootcamps

Special community visits by Project LAAN for partner student organizations. Practical modules on health promotion and preventive health measures are developed for the specific needs of each community.

Sponsorships

Work with us in our fundraising and advocacy initiatives, which includes our regular online promotion and engagement, and our flagship initiative, the Universal Health Coverage Summit. Marketing packages available.

Communities

Sponsor our health education and health literacy visits to our communities, or request for a primer for community sponsorships and grants.
